

Exam 2: Individual Work

Select one of the project options listed below, and implement it using Expo, Expo Router, React Native, and SQLite. You will be required to demonstrate your work in class on March 31 and April 2. Your demonstration should last five minutes and include a Q&A session.

1. Home Inventory Manager

- **Key Features:**
 - Track household items with details like purchase date and warranty.
 - Set reminders for warranty expirations or maintenance.
 - Organize items by category and location.
- **SQLite Tables:**

2. Gardening Journal

- **Key Features:**
 - Track plant growth with photos and notes.
 - Set watering and fertilizing reminders.
 - Log weather conditions and plant health.
- **SQLite Tables:**
